Decision

After notifying the employee in writing of the alleged violation and hearing the employee's statements at the session of 2026-10-12 (investigation record attached to the employee's file), and after reviewing the attendance record, it has been decided to impose the penalty of **"Written Warning"** — Grade (1) on the scale of penalties (Art. 139 [Law]) — as repeated lateness without an acceptable excuse has been established. This is the only penalty for this violation (Art. 140 [Law]).

1. Any repetition of the same violation within one year of the date of this decision may result in a more severe penalty (Art. 144 [Law]); the effect of this warning expires on 2027-10-15.
2. The employee has the right to appeal in accordance with the work regulations and the law. Signing for receipt does not mean agreement with the decision.
3. If the employee refuses to receive it, this is recorded in the presence of two witnesses from outside the relevant department.
